Question: J'aimerais obtenir, pour chacune des 10 dernières années, le total des dépenses engagées par votre organisation pour la formation linguistique, et ventilé par formations en français et formations en anglais, et par les salaires des personnes classifiées comme professeurs de langues. J'aimerais aussi obtenir, pour chacune des 3 dernières années, la liste de toutes les formations linguistiques payées par votre organisation et ventilées par: le montant dépensé par formation; la langue de la formation (anglais/français/autres); le nombre d'employés de votre organisation inscrits par formation; et indiquer pour chacune des formations si la formation est donnée en individuellement ou en groupe

Note: Our systems group can run a report on language training expenditures but we cannot filter by type (French or English)
